

Portraits: 2018 Price Guide

During our portrait sessions, our goal is to capture moments that are storytelling in nature to help you and your loved ones remember this phase of your lives. This includes our signature documentary-style photography, as well as beautiful posed portraits. For your session, invite us to join you at the location of your choosing* and we'll photograph you and your loved ones as you play, explore, discover, and enjoy the scenery.

INDIVIDUAL 90-MINUTE SESSIONS – 450

Receive up to 25 edited photos in a mix of black & white and color. Your images will be delivered in a private online gallery that you can share with family and friends. Through your gallery, you can download the digital files, as well as order prints and other photo products from our affiliated print labs.

[Bamboo thumbdrives with your print- and web-optimized photos can be purchased for \$50 each]
